Fall Protection
for Tools

Stop the drop.

Protect those around you.

Harnesses. Lanyards. SRLs. The focus of fall protection equipment has always been to protect you from falling. But now you can also look out for your colleagues with 3M™ DBI-SALA® Fall Protection for Tools. This comprehensive line of specialized tethers, holsters, pouches and more is designed to reduce lost productivity, tool loss, property damage and, most importantly, injury caused by dropped objects.
